

Australia's Civil Aviation Safety Regulations

SAFETY STANDARDS
Safe flights use registered and certificated aircraft maintained by a qualified person flown by a qualified person in airspace controlled by a qualified person.

Diagram updated to version 11.0 on 26 September 2007 by CASA's Regulatory Development Management Branch

ADMINISTRATIVE MATTERS

- Part 1 Preliminary (includes Dictionary)
- 11 Regulatory administrative procedures
- 13 Enforcement
- 200 Aircraft to which CASR do not apply
- 201 Miscellaneous
- 202 Transitional

CERTIFICATION / AIRWORTHINESS

- Part 21 Certification and airworthiness requirements for aircraft and parts
- 22 Airworthiness standards for sailplanes and powered sailplanes
- 23 Airworthiness standards for aeroplanes in the normal, utility, acrobatic or commuter category
- 25 Airworthiness standards for aeroplanes in the transport category
- 26 Airworthiness standards for aircraft in the primary or intermediate category
- 27 Airworthiness standards for rotorcraft in the normal category
- 29 Airworthiness standards for rotorcraft in the transport category
- 31 Airworthiness standards for manned free balloons
- 32 Airworthiness standards for engines for very light aeroplanes
- 33 Airworthiness standards for aircraft engines
- 35 Airworthiness standards for aircraft propellers
- 39 Airworthiness directives
- 90 Additional airworthiness requirements
- 146 Engineering representatives

IDENTIFICATION

- Part 45 Display of nationality and registration marks and aircraft registration identification plates
- 47 Registration of aircraft and related matters

MAINTENANCE

- Part 42 Continuing airworthiness
- 145 Maintenance organisations

AIRCRAFT MAINTENANCE ENGINEER (AME) LICENSING

- Part 66 Maintenance personnel licensing
- 147 Maintenance training organisations

FLIGHT OPERATIONS

- Part 60 Synthetic training devices
- 91 General operating and flight rules
- 92 Consignment and carriage of dangerous goods by air
- 101 Unmanned aircraft and rocket operations
- 103 Sport and recreational aviation operations
- 105 Sport and recreational parachuting from an aircraft — certification and operations
- 115 Operations using sport aviation aircraft for non-recreational activities (TBD)
- 119 Operators management system and certification — passenger transport operations
- 121 Air transport operations — large aeroplanes
- 129 Air operator certification — foreign operators
- 131 Non-recreational ballooning (working title)
- 132 Air experience and corporate operations (TBD)
- 133 Subpart A: Air transport operations — rotorcraft
- Subpart B: Aerial work operations — rotorcraft
- 135 Air transport operations — small aeroplanes
- 136 Aerial work operations
- 137 Aerial application operations
- 149 Recreational aviation administration organisations

PILOT LICENSING

- Part 61 Flight crew licensing
- 64 Ground authorisations (TBD)
- 67 Medical
- 141 Flight training operators
- 142 Training and checking operators

AIRSPACE

- Part 71 Airspace
- 139 Aerodromes
- 171 Aeronautical telecommunications service and radionavigation service providers
- 172 Air traffic service providers
- 173 Instrument flight procedure design
- 174 Aviation meteorological services
- 175 Aeronautical information services

AIR TRAFFIC CONTROLLER (ATC) LICENSING

- Part 65 Air traffic services licensing
- 67 Medical
- 143 Air traffic services training providers

OTHER

- Part 99 Alcohol and other drugs testing programme

Note: AOC applicability will be contained with each Operational Part that Parts 119 and 129 do not apply, e.g. Parts 137, 133B, 136 and 131.
